## **More hospitals contract with Inteck for IT healthcare consulting services**

**DENVER, COLORADO, December 12, 2006** — Inteck, an information technology (IT) consulting firm for the healthcare industry, has been engaged by Ivinson Memorial Hospital and Jennie Stuart Medical Center for a variety of consulting services.

*Ivinson Memorial Hospital-* is a 99-bed facility with nearly 50 active physicians located in Laramie, Wyoming. IMH has engaged Inteck to provide MEDITECH assessment and implementation assistance, in addition to interface support.

*Jennie Stuart Medical Center-* is a 194-bed facility located in Hopkinsville, KY. JSMC has contracted Inteck for assistance with healthcare information system selection and contract negotiations. Inteck will use their established and proven process to educate JSMC's management and its primary users about vendors' systems. Inteck will also assist JSMC in negotiating vendor contracts.

### **ABOUT INTECK**

Since 1982, Inteck has provided IT consulting services to the healthcare industry. Inteck specializes in aligning an organization's IT plan with its vision and business plan. Inteck provides services in the area of optimization and enhancement of existing systems; strategic and tactical IT planning; system implementation; assessment and evaluation; and facility management and outsourcing. Inteck also provides a complete set of services that support most hospital information system vendors. With staff located nationwide, Inteck employs healthcare information specialists, clinicians, chief information officers and healthcare professionals.
