### ***Inteck will Present at Three Educational sessions at the 2006 International MUSE Conference***

**DENVER, COLORADO, May 18, 2006.** Inteck, an information technology (IT) consulting firm for the healthcare industry, is scheduled to present three educational sessions at the International MUSE Conference. The Medical Users Software Exchange (MUSE) conference, will be held the last week in May in Orlando, FL, and is designed as a communication and support network for facilities and vendors working within the MEDITECH healthcare information software system. Inteck, Inc. will be **exhibiting in booth #210.**

The first presentation topic at the International MUSE conference is **“All About Implementing MEDITECH’s Bedside Medication Verification.”** This presentation will given by John Bednarski, RN Senior MEDITECH Consultant and will be held on Wednesday May 31 at 4:30 pm. The second topic will be presented by Peter Caplan, EMR Program Director **“What You Need to Know About Implementing an EMR.”** This presentation will be held on Friday June 2 at 11:00 am. The third topic **“Pitfalls To Watch out for when Implementing Electronic Medication Administration Records.”** This presentation will be held on Friday June 2 at 2:30 pm by John Bednarski.

Copies of the presentations are available upon request. Please complete the form at [www.Inteck-Inc.com/intlmuse\\_presentations.html](http://www.Inteck-Inc.com/intlmuse_presentations.html) for your copy of these presentations. Presentations will not be sent out until after the International MUSE conference has commenced.

In addition, **Mary Helen Thome-McGinity the newly appointed Director of the MEDITECH Consulting Practice** will be attending the show. Mrs. Thome-McGinity joins Inteck with over 30 years experience within the healthcare area, with extensive overall MEDITECH knowledge of all modules. She has managed large mission critical installation efforts, continued management of support post implementation, and integrated new technologies. Mrs. Thome-McGinity has also formed, designed consulting, and support models for various healthcare environments.

#### **About Inteck, Inc.**

Since 1982, Inteck has provided IT consulting services to the healthcare industry. Inteck specializes in aligning an organization’s IT plan with its vision and business plan. Inteck provides services in the area of optimization and enhancement of existing systems; strategic and tactical IT planning; system implementation; assessment and evaluation; and facility management and outsourcing. Inteck also provides a complete set of services that support most hospital information system vendors. With staff located nationwide, Inteck employs healthcare information specialists, clinicians, chief information officers and healthcare professionals.
